## DEAR FAMILY AND FRIENDS,

All of us preparing to work and minister in the home continue to read and study on ways in which we can be of real help to the very specific and unique needs of each of our little jewels. Although these girls have been sexually exploited in one way or another, we firmly believe that with our faith in the Lord Jesus Christ and diligence in study, a full renewal in their emotional, physical and spiritual well being will be victorious!

*\*This is just one of the many stories that tears at our hearts and is why we are so adamant about opening our home!*

We are expecting three gems to be transitioning into our home by the first of July: The ten year old who wrote the letter above, and two sisters from another family who are just eleven and twelve years old. Technically, none of these three have actually been involved with human trafficking, they have remained in their homes and lived a relatively "normal" life. Tragically, when these girls came home from school, they were being rented out by family members for sexual purposes.

Because of the dangerous situations that lie among us, we have no real idea as to when we can house true human trafficking survivors, but we are very happy to have the opportunity to give these three little gems a new home, one of full of love, refuge, and restoration.

-[LOVE TO YOU FROM  
THE TREASURE HOUSE FOUNDERS
